The soft launch of V3 BRIDGE has begun! All V3 modules will be released in stages over the coming two years and will be considered to be DRAFT until the BRIDGE community has had time to engage with the materials. Feedback to the BRIDGE Office on your experience with V3 is appreciated. All current BRIDGE materials will remain accessible and can be found under Curriculum Version 2 on the website as we transition to the new structure. You will notice the modernised and streamlined look of the new modules. A major change to the V3 modules is the removal of generic BRIDGE content relevant to all modules. A new overarching document currently titled ‘BRIDGE Facilitators Tasks V3’ will instead cover all facilitators’ pre and post-workshop tasks, as well as activities to be carried out during the first and last day of any BRIDGE workshop. This is now available on the website. The updated BRIDGE modules then focus on the specific module content. Keep an eye out for new modules soon to be released including: Voter Registration, Strategic Planning for Electoral Management and Electoral Systems.

The Operations and Logistics, Electoral Dispute Resolution and Access to Electoral Processes modules will be updated and released in the coming six months. More information on further V3 module launches will be released as it becomes available. So far feedback has been positive, below are a few examples:
- Congrats on V.3! The new framework looks great. Looking forward to seeing it in action.
- Thank you for the sterling job. We are excited about this version. Keep it up!
- Congratulations on the release of Version 3! I took a quick tour in the VR module and found it to be very user friendly. Gathering all the “OHPs” in one PPT file is a great idea, also the ability to move around the FN document facilitates the search a lot. I also found lots of updated material and many audio visual materials. Thanks a lot for the huge effort and waiting impatiently for the other modules.

Thank you from the BRIDGE family for the Ukrainian translations and the V3 modules that are being translated into French, these will be shared on the BRIDGE website for all to use.

Reports from Workshops

The BRIDGE Office loves receiving emails and reports advising us of the outcomes of Workshops delivered throughout the world. When we receive them it gives us an opportunity to showcase them on the Website for not only the BRIDGE Community to view but anyone else who has an interest in Elections and is viewing the website. Once you have completed a Workshop please remember to send in your reports and photos to ensure that the whole BRIDGE community gets the opportunity to see the great work that our Facilitators do for the countries they are working in. Email to: projectoffice@bridge-project.org.au

If you would like your profile to be published in the newsletter or nominate a fellow BRIDGE facilitator who can tell our readers your story, please email projectoffice@bridge-project.org
